Loan Interest Rate & Fees

Your **starting interest rate** will be between

4.795%

and

15.750%

After the starting rate is set, your rate will then vary with the market

Your Starting Interest Rate (upon approval)

The starting interest rate you pay will be determined after you apply. It will be based upon your credit history and other factors (cosigner credit, repayment option, etc). If approved, we will notify you of the rate you qualify for within the stated range.

Your Interest Rate during the life of the loan

Your rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the 30-day average Secured Overnight Financing Rate (SOFR) (as published by the Federal Reserve Bank of New York). For more information on this rate, see the reference notes.

Although the rate will vary after you are approved, it will **never exceed 25.000%** (the maximum allowable for this loan).

About this example

The repayment example assumes you have no prior loans serviced by Sallie Mae, remain in school for 2 years and have a 6-month separation period before beginning repayment. It is based on the **highest starting rate currently charged** and associated fees. If the cumulative amount of the borrower's loans that are serviced by Sallie Mae is **less than \$14,500**, repayment will last 10 years, starting once the initial principal payment is made. If it is **\$14,500 to \$28,999**, repayment will last 12 years, starting once the initial principal payment is made. If it is **\$29,000 or more**, repayment will last 15 years, starting once the initial principal payment is made. Loans that are subject to a minimum principal and interest payment amount of \$50.00 may receive a shorter loan term than those listed above.
